

‘Reducing Domestic Violence’ Coalition Members

See below the members of the ‘Reducing Domestic Violence’ Coalition so far. Peace One Day thanks them all for their continued commitment to Peace Day, their contributions are integral to ensuring the message of peace, tolerance and non-violence is heard not only in our communities but also felt in our homes and families.

Peace Day is an opportunity to unite on a scale never seen before and bring the issues of domestic violence to the fore. Together we can decrease the level of violence, raise awareness and generate a vast array of activity around those issues.

If you would like to join the coalition, you can do so [here](#) .
