

# Peace One Day's Schools' Network

Add your school, youth group or educational institution and help create the largest gathering of individuals in the name of peace the world has ever seen.

Peace Day is everyone's legacy and will only work if everyone gets involved. So get involved! It is the commitment of schools and young people worldwide to come together in large numbers on Peace Day that will bring the goal of institutionalising the day even closer.

The Schools' Network provides a platform for teachers and schools to be a part of this groundbreaking initiative. In turn, this will enable Peace One Day to measure the impact of schools and young people on Peace Day, 21 September. [Join here!](#)

If your school has joined the Network and would like to contact another member school to share your Peace Day plans, please email [global.education@peaceoneday.org](mailto:global.education@peaceoneday.org)
